

Confirmation of REACH 2025 implementation

We, S.A.S UNIVERSAL TECHNIC,
Manufacturer of measurement sensors of electrical currents,
Registered at the trade register on March 19th, 1975, under the N° 302 410 691 R.C.S. Paris,
Declare that the following:

We hereby certify all the products that we supply are compliant with the requirements imposed by European Directives.

UNIVERSAL TECHNIC is aware of the European REACH regulations and has been working since promulgation to meet the obligations it imposes on it regarding its activities industrial and commercial. We are in close contact with our suppliers and REACH compliance of materials used in our manufacturing processes is an essential part of our supplier approval procedure.

To our knowledge and based on the information available to us currently, we do not have any of the following candidate substances as SVHC potentially present at concentrations greater than 0.1% in the components of company articles.

In accordance with our communication obligations, you will find below the details concentrations of substances on the candidate list entitled SVHC.

In summary, UNIVERSAL TECHNIC is in perfect agreement with the REACH regulations both on the declaration candidate substances from the SVHC list, and by its monitoring of the list of substances subject to authorization (Appendix XIV).

Where applicable, it is our customers' responsibility to check the restrictions applicable to these substances and which are listed in Annex XVII of the REACH Regulation.

The objective being to ensure that the final use of the products is not part of the prohibited uses. The list of restricted substances is available on the ECHA website:

<https://echa.europa.eu/substances-restricted-under-reach>.

We remain at your entire disposal for any further information.

And please accept, Dear Customer, the expression of our sincere greetings.

Mr. Camille Rannou
Quality Manager

REACH SVHC LIST - 247 Substances

This list is the European Union's Directive 1907/2006 (REACH) of SVHC's (Substances of Very High Concern). There are 247 substances total, organized in sections of the month and year that they were official placed on the candidate list. Inclusion on this list does not necessarily mean that these substances are banned in the EU but have been included for future study and action. Click [here](#) to see the ECHA website and follow up on these substances.
